WELCOME!

Dr. Philip Loida and Team would like to take this opportunity to welcome you to our office. It is our goal to provide quality and affordable dental care to each of our patients. We hope you will find our office to be a warm and friendly family practice. We are happy you chose Family Dentistry of Ste. Genevieve for your dental home.

Dr. Loida received his dental degree at the University of Missouri Kansas City, School of Dentistry in 2010. He is a member of the American Dental Association, Missouri Dental Association, and the Southeast Dental Society.

During your first visit, you will be seen by Dr. Loida and a Registered Dental Hygienist for your oral hygiene evaluation. This allows our patients to get to know us and to establish their dental needs. If treatment is recommended by Dr. Loida, you will be given a detailed cost for treatment, including information regarding insurance coverage (when applicable). We will try our best to give you an accurate estimate of your insurance benefit, but with the complexity of insurance policies today, a per-treatment authorization may be required to determine benefits.

If treatment is indicated, we will be more than happy to assist you in scheduling all of the appropriate appointments. Please do not hesitate to ask or call us with any questions you may have. We are here to help you get the dentistry you want &/or need. You can find additional information about our office and our team on our website at www.familydentistrystegen.com.

We appreciate the opportunity to provide you with dental care. Our staff is made up of well trained professionals who come together as a team to bring you the highest quality treatment in a warm, caring setting. We look forward to working with you to provide a HAPPY, HEALTHY SMILE!
